line 37, change "channel select designations" to --channel tuning
designations which have one of said marker bits associated
therewith--.

Claim 50. line 18, change "processor" to --channel tuning
control--.

Remarks

The foregoing amendments are made (1) responsive to the Office action dated March 4, 1996, and (2) to correct matters of form in which the amendments were originally presented in the amendment filed April 15, 1996.

There are no changes in substance between the amendments presented herein and the amendments presented in the amendment filed April 15, 1996.

Ser. No. 08/116,019

-6-

The Examiner is respectfully referred to the remarks accompanying the April 15 amendment for a discussion of the changes made and of other matters affecting this application.

The Examiner is also respectfully referred to the Supplemental Declaration submitted with the April 15 amendment.

Entry of the foregoing amendments, and reconsideration and allowance of claims 1-5, 7-19, 21-28 and 30-56 as amended herein are respectfully requested.

Respectfully submitted,

Thomas A. Boshinski
